CROATIAN
ACADEMY OF
AESTHETIC
DENTAL
MEDICINE

Dear partners,

We are pleased to announce the return of the Aesthetic Dental Moment Congress. The upcoming Congress, held every two years, will take place in Petrčane at the Falkensteiner Hotels & Residences Punta Skala on May 9-10, 2025. The Congress is intended to be an interchange of scholarly insights and professional experiences, as well as a pleasant meeting of participants.

The Croatian Academy of Aesthetic Dental Medicine aims to raise the bar even higher, following the successful merger of two significant societies and the Aesthetic Dental Synergy Congress in Opatija in 2023. We are returning to where we began, in the Zadar climate, in May, with premier education for doctors of dental medicine and dental technicians, a program that will undoubtedly be recognized by many regular participants as well as newcomers who recognize the society's work.

We are always surrounded by the most elite partners and sponsors from the world of dental medicine, who follow us in every story. Without them, this event would not be possible, so we appreciate them in advance for their support as we work together to improve the profession.

To set a high standard, we chose an excellent resort with conference halls fit for our participants and sponsors, top gastronomic offerings, musical delights, parties, and, most importantly, networking and gatherings with colleagues under the Zadar sun. Packages and incentives have been planned for partners and sponsors to ensure that every participant, speaker, and company representative feels like they are attending one of the world's major congresses in 2025. Exhibition spaces are something we think about and spend a lot of attention to, so any investment will be worthwhile.

We eagerly await your response and welcome you,

Croatian Academy of Aesthetic Dental Medicine
President Assoc Prof Joško Viskiċ, PhD
Secretary Dominik Pleše, dmd

PACKAGES FOR SPONSORS

Upon final definition of their sponsorship package, sponsors will be granted a sponsorship category status based on the extent of their overall sponsorship and exhibition involvement. The following categories will determine how the status is granted:
